the essence of natural beauty

Foreword

Plants and herbs have extraordinary beautifying properties and have been empirically utilized to treat mankind for thousands of years. At the advanced Neoderma Research Laboratories we select the finest and most effective herbal extracts to formulate exceptional beauty products, unifying the highest scientific practices along with traditional knowledge.

As the skin is fragile and sensitive, disclosing our inner beauty, our philosophy is to care for it with natural, skin-friendly products. Therefore it is a primary concern for us to introduce safe, pure beauty products. Neoderma is free of GMO (Genetically Modified Organisms), mineral oil and parabens. Animal testing free.

We firmly believe that the best place to treat your skin is the beauty salon. The trained, experienced beauty specialist will take time to diagnose your skin and suggest the best treatment and products based on the nature of your skin, your personal sensitivities and beauty objectives.

Accordingly, Neoderma is first and foremost a Professional brand. It is based on a series of exclusive salon treatments, for the face and body. These treatments are supported by a full range of retail products for at-home, after treatment use.

The background of the page is a high-quality photograph of water droplets and bubbles. The bottom portion of the image shows a dark, reflective surface of water with several large, clear droplets and bubbles. From this surface, numerous smaller, lighter-colored droplets and bubbles rise into the white background, creating a sense of movement and freshness. The lighting is soft and even, highlighting the spherical shapes and the play of light and shadow on the water's surface.

Exclusive Cellular Treatment

- Exclusive products with highly sophisticated active ingredients for intense cellular treatment. Ideal for oxygenation and rejuvenation of the skin.

Blue Blood Gel

Clear Solution
Purifying Mask
oily & problem skin

A soft clay mask with purifying properties, which deeply cleanses the skin and absorbs excess sebum leaving the complexion instantly radiant and healthy.

Sensitive

Sensitive and fragile skin is fine, usually dry and mottled by visible capillaries. Little veins appear on the cheeks, nose and chin. The skin is often characterized by temporary or chronic redness. These delicate skin conditions require special care. The skin should be treated very gently, using light creamy textures and gels that penetrate rapidly. Avoid over stimulating the skin. Neoderma has designed a specific cosmetic line for sensitive reactive skin.

Apaline

Daily Confidence Cream
sensitive skin & couperose

A light creamy texture day cream, which forms a protective film, shielding the skin from the harmful effects of environmental aggressions. Helps restore comfort and suppleness to the skin.

Smoothing Eye Cream**

A light velvety cream formulated with anti-wrinkle and moisturizing actives for the sensitive eye contour. The Smoothing Eye Cream prevents skin ageing whilst reducing dark circles and puffiness. The delicate eye contour is moisturized and fine lines and wrinkles are smoothed.

Intelligence Rejuvenate

- As we age, the skin's functions and cellular renewal slow down, the elastin fibers weaken, gradually causing sagging and wrinkles to appear. The skin becomes less effective in holding in moisture, its defence mechanism slows down and is easily affected by environmental aggressions. Neoderma has developed an effective and specific line of Anti-Wrinkle products that help reinforce the skin's natural defences against ageing. Intelligence Rejuvenate stimulates and reinvigorates the skin infusing it with much needed vitality.

**Intelligence
Rejuvenate**
Wrinkle Smoothing Cream
all skin types

Intensive Anti-Wrinkle Treatment

Natural • Safe • Gentle
Wrinkles are the major visible signs of skin ageing. Even seemingly innocent facial expressions such as smiling and frowning leave their mark and are some of the most significant causes of expression lines and wrinkles. Expression lines appear due to repeated facial muscle movements. Rytidox is the scientific, non-invasive approach from Neoderma in treating expression lines and wrinkles by relaxing the muscles. Rytidox is an effective, safe and easy to use daily product. Used locally on target areas and only after 28 days of use, it results up to 49% reduction of wrinkle area and depth whilst significantly improving the skin's texture.

Rytidox Anti-Wrinkle Vials Intensive Treatment

A new scientific breakthrough solution for the treatment of expression lines and wrinkles. Includes highly concentrated actives in a cosmetic formulation that is completely safe and easy to use.

A peptide, the main active ingredient in Rytidox, is as active as Botulinum neurotoxin Type A.

It inhibits contractility by blocking the Acetylcholine Receptors allowing the muscles to relax. Rytidox is a natural alternative to muscle relaxing injections.

Mesogios

Sun overexposure is associated with an increased risk of skin cancer and skin ageing. Free radicals are directly involved in skin alteration during sun exposure, thus causing damage to collagen and elastin. Enjoy the sun while benefiting from the advance protection expertise of the Neoderma Mesogios Sun Care line. The Mesogios line products protect, hydrate and safeguard your skin. This line is customized to the three vital steps for healthy skin:

- Prepare the skin before sun exposure.
- Protect the skin during sun exposure.
- Soothe the skin after sun exposure.

Mesogios Ultimate Protection

Healing - Relaxing

Softness the thickened keratin of the soles of the feet, prevents dryness and relieves tired, burning feet. Heals rough and chapped skin and keeps the feet comfortable and relaxed.

Exfoliation & Freshness

■ During the skin's constant regeneration a layer of dead cells is being deposited on the surface of the epidermis. This layer is the result of the natural skin exfoliation, as well as the effect of pollution, sun exposure and natural ageing process. As a result the skin becomes dull, peels and loses its tone. It is therefore essential to use an exfoliator for cleansing and purifying the skin, thus revealing its natural radiance. Neoderma's unique blend of natural ingredients offers freshness, suppleness and smoothes the skin while invigorating your senses.

Body Scrub

Refines Skin Texture

Enjoy the benefits of this enzymatic body peeling, rich in plant extracts and oils, that exfoliates, smoothes and revitalizes the skin. Helps improve the performance of the body care products applied afterwards.

BIO-LIFTING TREATMENT

lifting, firming face & bust

A revolutionary treatment specifically developed to boost oxygen levels of the skin, minimizing fine lines and wrinkles. The Bio-Lifting is based on Blue Blood (Perfluorocarbon) and Aloe Vera. Blue Blood is a unique oxygen transport system that penetrates the skin releasing oxygen into the tissues, while intensifying the penetration of other active ingredients deep into the cells. In combination with Aloe Vera the treatment tones, firms and hydrates the skin.

NEO-MARINE SPA TREATMENT

dehydrated skin, fine lines & wrinkles

A specific treatment for the face and neck area, enriched with active ingredients extracted from Seaweed, Marine Polysaccharides and Marine Phyto-Squalane. These marine ingredients combined with herbal extracts and vitamins capture moisture from the air and release it gradually deep into the skin, softening and rejuvenating the epidermis. The Neo-Marine Spa Treatment improves the skin's blood circulation, minimizes fine lines and wrinkles, strengthens and protects the skin.

NEO-WHITE TREATMENT

pigmentation & age spots

Neoderma has created a specialized lightening treatment for hyperpigmentation and age spots. Enriched with quality active ingredients: Algae, Vitamin C and plant extracts of Watercress, Yarrow, Liquorice, Bearberry, Grape and Mulberry, this treatment stimulates cellular renewal and inhibits tyrosinase enzyme activity, thus minimizing hyperpigmentation and age spots. The skin is left bright and luminous.

REBALANCING TREATMENT

oily & combination skin

A professional beauty treatment based on marine and plant extracts. Algae and Spirulina, the main active ingredients, contain a high concentration of minerals, vitamins and trace elements. These ingredients work in synergy with Neoderma's Rebalancing Herbal Cocktail, to help balance the sebaceous glands, minimize oiliness, fight bacteria and soothe inflammation, leaving the skin clear and matt.

REVITALISING EYE TREATMENT

for the delicate eye area

The slow blood circulation around the eye contour can easily develop dark circles, puffiness and wrinkles. Active ingredients extracted from Seaweed combined with herbal extracts and vitamins can lead to a youthful eye contour free of wrinkles, fine lines, dark circles and puffiness. Youthfulness and luminosity is restored.

APALINE SOOTHING TREATMENT

sensitive skin & couperose

A treatment mask based on marine and plant extracts. Specially designed for sensitive skin and couperose, this treatment stimulates peripheral blood circulation. It helps reduce redness after deep cleansing, moisturizes and repairs sensitive skin, reduces wrinkles and protects against damage from free radicals. Leaves the skin soft and relaxed.
